

Tennessee Society of Anesthesiologists E-Bulletin

ASA Unified Billing

TSA has partnered with the American Society of Anesthesiologists to participate in the Unified Billing Program. This partnership allows for anesthesiologists and practice groups to receive one membership dues invoice for both ASA and TSA. The overall goal of participating in this program is to allow for streamlined and efficient invoicing of TSA dues and to allow for the practice/individual to use one payment method for both organizations.

TSA 2017 Annual Meeting

The 2017 TSA Annual Meeting was expanded from a one-day meeting to include Problem Based Learning Discussions and ASA Leadership Spokesperson training on Sunday morning. In addition to these topics, panel discussions were held on Adult and Pediatric Regional Anesthesia, as well as, the Opioid Crisis and Updated Laws in Tennessee. A lecture on how remote technology can optimize critical care outcomes rounded out day one of the meeting.

TSA was very fortunate to have Dr. Jeffrey Plagenhoef, ASA President and Paul Pomerantz, ASA CEO speak during the luncheon.
